3" Deep Rib Panel Specifications

This panel is an excellent choice for horizontal applications with high wind pressures. The 3" deep profile gives it a greater spanning capability than any other panel we offer.

- Material: 24ga, 22ga, 20ga steel
- Length: Up to 30'. Extra charges may apply for lengths shorter than 5'
- Attachment: Exposed fasteners, color matched to panel
- Finish: Factory applied Kynar or Siliconized Polyester paint
- Colors: Choose from standard color chart. Choices vary with gauge and finish
- Warranty: 20 years plus. Varies with color and type of paint finish
- Installation: Vertical or horizontal

Fastening pattern:

- Vertical installation: 4 screws per panel at each hat or Zee
- Horizontal installation: 4 screws per panel at each frame
