

Job Title – Welder**Description:**

We are looking for Welders/Fabricators to assemble or fabricate mechanical parts, pieces and products using a variety of tools and equipment.

Duties will include, but are not limited to the following:

- Read, interpret and follow basic blueprints, diagrams, engineering drawings, specifications, weld symbols, bills of materials, and other written instructions or procedures.
- Utilize handheld tools such as a hand held drills, grinders, etc.
- Accurately operate calipers, weld gauges, tape measures, and other measuring tools.
- Maintain weld machines using preventative maintenance methods.
- Continually evaluate weld machine performance and technology to improve cycle times.
- Follow company defined procedure to maintain inventory of material and shop consumables.
- Create specific weldment set-ups and fixturing to meet geometric requirements.
- Perform quality work checks to ensure the product meets quality standards.
- Identify product defects and complete appropriate process changes when defects are found.
- Perform all work in accordance with quality standards and established safety procedures.
- Prioritize workflow through effective communication with management staff.
- Maintain a clean and safe work area.

An ideal candidate will have:

- GMAW and GTAW experience in aluminum and steel
- Knowledge of relative safety standards and willingness to use protective clothing (face-shield, gloves etc.)
- Existing Professional Certification (Ideally a 3g variant for A36 & SS) will be a plus, ability to pass and maintain certifications is required
- Basic reading skills and must be able to follow directions
- Basic computer navigation and utilization skills preferred
- Ability to perform work accurately and thoroughly
- Ability to use creative thinking and reasoning to solve problems
- High attention to detail and self-motivation skills
- Specific technical or vocational training or certification preferred
- Work well in a team environment
- Familiarity with non-welding fabrication practices (bending, cutting, etc.)
- Familiarity with machine shop equipment (Mills, Lathes, etc.)

Physical demands and abilities:

- Regularly lift 30-50 pounds
- Regularly perform repetitive tasks
- Regularly possess manual dexterity to put parts or pieces together quickly and accurately
- Ability to operate a fork-lift (will train and certify as needed)

This position includes a competitive salary plus full benefits including paid medical and dental, vacation & PTO days and 401K matching.
